THE DAFFODIL FARM

OLYMPIA, WASH., R4

Son Don substituting in a small daffodil planting, for the usual pretty girl.

~~~~~  
Here we are again to thank you good friends and customers, past, present and future for the help you have given us in holding the wolf away from our door. You sort of pull him by the tail while we push him in the face.

You have been hearing from others about the scarcity of most varieties of bulbs for fall planting so we need not dwell on the painful fact. In view of this scarcity we have done our best to keep our prices within the reach of all of you.

We guarantee our bulbs true to name, to be free of disease and to arrive in good condition. If you are not perfectly pleased on arrival of bulbs let us know at once.

Bulb shipping begins about the first of September when planting should begin for best growth, and it is not sales talk when we urge you to **order early**. By so doing we may be able to secure from other growers certain varieties we may be sold out of.

Sincerely,

*Walter R. and Edith J. Taylor*

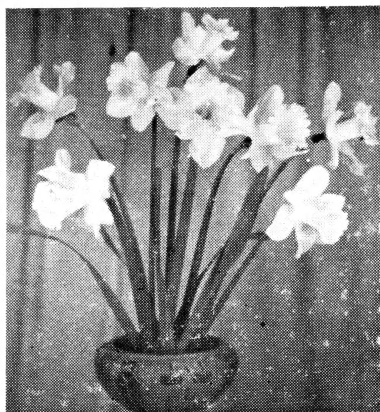

**PRICES POSTPAID—unless otherwise stated. Cash or 25% with order and balance c. o. d. Stamps with small orders welcome. 6 bulbs of one variety at dozen rate.**

---

**JUST A SUGGESTION --** Many gardeners wish to dig their daffodils and tulips as early as possible to plant other flowers. This is a problem as they should not be dug until the foliage is perfectly mature. We suggest they be left until the foliage starts turning, then dig tops and roots and heel them in a trench at once, dug for that purpose in some out of the way place. Water if soil is dry. Later the bulbs can be removed and placed in a cool place to cure.

---

# DAFFODILS

Planting daffodils in September insures good root growth before cold weather, and good roots mean fine flowers and bulb growth. Set 6 or 7 inches deep for large bulbs, 4 to 5 for the smaller slabs.

Any good fertilizing agents may be used, if spaded under deep, below the bulbs, in case your soil requires same. Bulbs may be left two

or three years. Always dig bulbs after the foliage is well matured and do not leave bulbs exposed to hot sun, but in a cool ventilated place until replanted.

FOLLOWING PRICES POSTPAID. DN. means large double nose bulbs having two or more flower buds. SN. means single nose or round bulbs having one flower center.

### DOUBLE DAFFODILS

**Forcing Bulbs**, for those who wish to have early flowers indoors we offer this advice, not as an expert, but if bulbs are well rooted first you are not apt to fail. Pot bulbs early in September in good soil with bulbs just covered to give more room for roots. Set pots outside in the ground covering slightly with soil. Kept moist till cold weather, they should be heavily rooted, ready to bring in and start forcing, tho slowly at first.

**Ungraded Daffodils**, by weight, see special colored insert.

6 bulbs of one kind at dozen rate, 25 at 100 rate.

# 1941 BULB BARGAINS

On this colored insert we have arranged not only what we consider to be bargains, but collections made especially for those who are not familiar with varieties and do not know what to choose. These are all first quality bulbs and of good blooming size.

## Daffodil Bulbs by Weight

This has always been our best selling item and evidently gives the most satisfaction, especially for those who wish a quantity of one variety and at a price that is well below graded sizes, even with express charges added. These bulbs are ungraded as to size, except real small ones are removed and at least 95 per cent will bloom well. We do them up in five and ten pound packages. 10 pounds will give from 100 to 125 blooms.

### Prices Express Collect.

**Emperor**, a good all yellow large trumpet variety.

5 pounds for \$1.00; 10 pounds for \$1.75.

**King Alfred**, the best all golden yellow trumpet daffodil. 5 lbs. for \$1.60; 10 lbs. for \$3.00.

**Van Waveren's Giant**, an outstanding bi-color giant, white petals, large golden trumpet. 5 pounds for \$1.85; 10 pounds for \$3.50.

**Mixed**, contains many varieties not listed above.

5 pounds for \$1.00; 10 pounds for \$1.75.

If possible order before October 15.

# HYACINTHS

We need only mention the beautiful qualities of the early blooming fragrant Hyacinths, with their riot of color. What should be considered is the growing scarcity of these bulbs. A few more years of this war of enslavement and hyacinths may be off the market entirely. We have done our best to hold our price

down as low as possible, and they are below the market.

Our supply of our own grown bulbs is limited. To produce sturdy and the most graceful blooms in the garden we supply you medium sized bulbs as always. These bulbs will force but larger sizes are commonly used, but we must hold them for propagating.

Plant about 6 inches deep in good soil. Order early and plant early as possible.

**Prices postpaid, Named varieties 20c each; 3 of one kind for .50c; \$1.75 per dozen; 6 of one KIND at the dozen rate. MIXED, 3 for .45; \$1.50 per dozen, postpaid.**

**Dr. Lieber**, dark porcelain blue, tinged lilac.

**Grand Maitre**, deep porcelain blue.

**King of Blues**, glossy deep purple blue.

**King of Yellow**, light creamy yellow.

**L'Innocence**, large pure white bells.

**Queen of Blues**, light silvery blue.

**Mixed**, this mixture contains the above varieties plus a few pinks. Sorry we cannot offer pinks alone.

## BULB IRIS

Bulb Iris is an interesting and beautiful group of flowers. They have a total blooming range of about six weeks, and are long lasting as cut flowers.

The supply of these bulbs is none too plentiful. Plant in September about five inches deep and about that distance apart.

**DUTCH IRIS.** Earliest of the bulb Iris. **3 of one variety for .15; 12 for .50; 6 of one kind one-half dozen price, postpaid.**

**Adrian Backer**, purple lilac, good substance.

**Celestial**, a fine sky blue.

**E. B. Garnier**, large deep blue.

**Imperator**, very fine tall dark blue, late. \$3.00 per 100.

**Leonardo Da Vinci**, creamy white and soft yellow.

SMALL TULIP PLANTING STOCK, in nine separate lots, should bloom second year. Plant 3 or 4 inches deep. Allard Pierson, Bronze Queen, Caledonia, Clara Butt, Gesnariana, Hammar Hales, Inglescombe Yellow, Mrs. Moon and a fine Mixture at .40 per pint; .75 per quart; \$2.50 a gallon, postpaid.

## MISCELLANEOUS BULBS

**Amaryllis**, Belladonna Major. Hardy, beautiful silvery pink trumpet shaped blooms. .30 each; 6 for \$1.60.

**Anemone**, St. Brigid, mixed colors only. Plant about three inches deep, will need winter protection in severe climates. 3 for .20; 12 for .50; \$3.00 per 100.

**Calla Lily**, creamy white blooms, mottled foliage. Large, .25 each; 12 for \$2.25; medium, .15 each; 12 for \$1.25.

**Colchicum**, fall blooming crocus, as shown at the right. This is an interesting bulb, should be planted early in the fall about 4 inches deep and soon makes heavy top growth, which dies down in June and may be removed. Then about mid-August each bulb sends up a cluster of lavender-pink blooms, in fact they will bloom out of the ground just as well. So if we get your order by August 5th we will mail them at once, and they will bloom in a few days placed

Colchicum

in or out of the ground, or setting on your library table without water, then planted later. .20 each; 6 for \$1.00.

**Star of Bethlehem**, pure white flowers, hardy and a good naturalizer. 3 for .10; 12 for .25; 100 for \$1.50.

## PERENNIAL PLANTS

Prices postpaid. 6 of one kind at dozen rate.

**Alstroemeria**, Peruvian Lily. A fibrous rooted plant, two feet tall, bearing numerous lily-like flowers. Two colors, yellow or light orange, both have brown markings. .10 each; 12 for \$1.00.

Pacific Hybrid Delphinium blossom, actual size

**Delphinium**, This year we have two strains of this grand perennial to offer. We'd like to convince you that Autumn is the best time to set them out but not all of you would believe us. We still think well of our own sturdy tall growing strain, but have added the newer Pacific Hybrids which are very fine, almost every one with individual flowers of great size. The picture above is actual size of one of our mother plants.

The plants we offer are sons and daughters of the true Pacific Hybrids. Two sizes, MIXED colors only.

.25 each; \$2.50 per dozen. .20 each; \$2.00 per dozen.

Our own Taylor hybrids,

.15 each; \$1.00 per dozen. .10 each; .75 per dozen.

**Liatris**, Kansas Gay Feather, long spikes of rich purple flowers.

L. Pycnostachya, compact spikes of bloom, .20; 6 for \$1.00.

**Tritoma**, "Red Hot Poker or Torch Lily." Tall growing perennial. Yellow shading to flame. .25c each.

Remember, early planting for best flowers and bulbs.
